

**OSHO**

**OSHO PHARMA PVT. LTD.**

Pharmaceutical Manufacturers and Exporters

**We are here to take care of your health.**

The team OSHO Pharma is known for its persistent efforts in the production of **quality healthcare products.**

## OSHO: Making a Difference Since 1990...

When the company started in 1980, the production was based on loan license. But later on in 1990, a class of touch was provided when Osho Pharma Pvt. Ltd. established its own production unit and launched a new range of products.

Right now the company has a versatile formulation factory with an ultra modernized plant having a space of 2200 sq. mts. and constructed area of 20000 sq. ft.

This plant is designed in order to standardize the quality of products as per the international quality requirements and CGMP. It is based at Vatwa, Ahmedabad, one of largest industrial belts in western India.

The company has developed and marketed more than 250 products to several clients Domestically and Internationally. R&D is the driving force for Osho Pharma to achieve its vision.

## Production

Manufacturing facilities at OSHO comprises of automated machines operated by highly qualified personnel. The production premises are of international quality requirement and as per CGMP compliance. We manufacture a wide range of products which keeps on expanding on regular basis. This product range includes -

Antibiotics	Antituberculosis	Vitamins
Antibacterial	Analgesic	Enzymes
Cardio-Vascular	Appetite stimulants	Nutraceuticals
Psychotropic	Cough syrups	Herbal Products, etc.

Finest available raw materials go into the manufacturing of these products. Our **Herbal Products** are manufactured at a separate plant as per **Schedule 'T'** under strict quality control in compliance with GMP and ISO 9001:2000 Standard.

Our manufacturing facility is in compliance with **WHO GMP** norms. Also the Quality Management Systems are certified by AGSI to follow **ISO 9001:2000** standards.

## Quality Control

We are committed to quality. Quality Control checks are implemented in compliance with **WHO GMP** norms and **Revised Schedule 'M'**. The analysis is done as per the **B.P./E.P., U.S.P.**, etc. Standards.

Our Modern Quality Control Labs and Microbiology Department are provided with the most high-tech equipments and well-trained personnel, assuring the required quality analysis. Quality is assured through validation techniques, strict adherence to SOPs, controlled levels of impurities and study of stability, shelf-life and degradation.

**Inspections** by **SGS** and other recognized agencies are carried out as per the requirements before shipment.

## Worldwide Business

Osho Pharma is always looking forward to develop new business relationships worldwide. Presently we are exporting to countries like CIS, South East Asia, Africa, Latin America and other regulated and non-regulated countries. We offer numerous business opportunities which may suit your requirements.
